Dear GSA Parents and Guardians,

Earlier this week, GSA hosted a pair of online forums to review our plans for the opening of school and to answer your questions. Those meetings were recorded, and as promised, I am sharing links to both of those videos below so anyone who was unable to attend can watch them at their convenience. They include a great deal of useful information.

Though the presentation portions of the meetings were largely the same on Monday and Wednesday, the Q&A sessions were not, so we encourage you to watch both videos. In editing the videos, Director of Communications Mark Messer added a black Q&A title frame so you can watch the presentation portion of just one of the videos, and then scan ahead to the Q&A portion of the other.

Wednesday's Forum: <https://youtu.be/69n5w2POiCw>

If you have questions that were not answered in the meetings, do not hesitate to reach out to me.

Respectfully,

Timothy J. Seeley
Head of School
