

September 1, 2020

Dear GSA Parents and Guardians,

One of our **requirements** for in-person learning is for parents or guardians to certify each day that their children have no COVID-19 symptoms before those children come to campus. GSA will do this with MyMedBot, a free app that can be downloaded to smartphones and tablet computers.

In the next day or two, you should receive an email from the app company with instructions on how to download the app and set it up. That email will include an invitation code specific to the student. If you have more than one child at GSA, you will receive a separate email for each child.

If you do not have a smartphone or tablet computer to use for this daily screening, or if you have any questions, please contact Attendance Clerk Debbie Davis at (207) 374-2808 or d.davis@georgestevens.org.

We thank you for your patience as we roll out this new system for helping to safeguard the health of our community.

Respectfully,

Timothy J. Seeley
Head of School
