Bang!  
Covid-19 is here.  
A very bad virus,  
Currently we're all quarantined.  
Covid-19 is almost as bad as the Spanish flu.  
It keeps spreading and spreading,  
And I'm dreading being home for so long.  
There aren't many good outcomes.  
I like to sleep in every morning.  
I like Facetime Lael,  
But I'd rather see her in person.  
I think I've gotten more exercise  
Than I do at school.  
Overall, I just want to go back to school.
