

School

By Chloe Hooper

Something I sometimes miss
I miss friends
I miss seeing people
I miss having something to do every day
I miss school,
I don't miss school
I don't miss having a lot of work
I don't miss getting up early
School is like a lottery ticket
Sometimes school is good
And sometimes school is bad
It was all too quick
It was like poof
School is gone
And now we're doing online work
